Item # 01 Procurement for the Hardware Items for FCS Lab.

Discussion: Mr Sharaf Hussain briefed the committee about the proprietary nature of the Hardware Items for FCS lab. He briefed that there is no technical equivalent to the items being requested. Doing otherwise will lead to incompatibility.

Decision: The committee recommended to procure these equipments directly from M/s Rastek at the rate of \$16650 (C&F) in accordance with SPP Rule 16 b (v).
