7. Scope of Work

Following requirements define the scope of work for this tender.

- Service provider must maintain a backup inventory of all items and components, covered under the SLA, upto a minimum of 10% of the total number of covered equipment.
- Standard response time should be a maximum of 4 hours from the time the complaint is logged.
- Service provider must be prepared / willing to provide any additional or value added services, not specifically covered under the bid, at no additional cost to IBA .
- Successful service provider shall be required to sign a Service Level Agreement (SLA), for a minimum period of one year. The SLA can be, however, extended for further year(s), depending on performance / service of the successful bidder.
- Successful service provider shall be legally responsible to provide services and maintain the hardware in working condition, as specified in the bid and the final agreement.
- In case of repair / maintenance task taking more than two days, a standby / backup unit of equivalent or higher specifications shall be provided by the vendor for every unit taken away for repair / maintenance.
- The complaint must be attended within the same day of informing the problem.
- Service provider should separately provide price(s) of consumable items, e.g., battery, charger / adapter etc., as per below table, which shall be charged on call / need basis. Consumables should be warranted for trouble free performance for at least 3 months.
